## CALIFORNIANS TO VISIT ARIZONA

ARRANGEMENTS BEING MADE FOR GREAT EXCURSION OF BUSINESS MEN.

Will Likely Occur Early in Fall—Bisbee and Douglas Can Get Call From the Visitors in All Probability by Making Effort.

Southern California merchants and manufacturers have commenced arrangements for a great trade making excursion and social call in Arizona. The date of the trip has not yet been fixed upon, but it is probable that it will occur early in the fall.

The visit will be made along the lines of that proposed by El Paso business men last spring. The Texas people, however, failed to get here, their plans being balked at the end by items of expense that the trip would entail which they considered excessive.

It will doubtless be possible to bring the Southern California people to Bisbee and Douglas in the course of their tour of the territory, provided an invitation is extended. The El Paso & Southwestern at the time of the proposed excursion of El Paso merchants into Arizona offered a special train free of charge to the visitors if they desired to traverse the road, and it is altogether probable that if Bisbee business men and the Douglas Chamber of Commerce should ask the E. P. & S. W. to extend similar announcement of courtesy to the Southern California people that they would be glad to shift their train from the S. P. tracks at Benson and go through to El Paso via Bisbee and Douglas.

A visit to Bisbee and Douglas by a representative crowd of Southern California business men such as will come out on the trip this fall would be a very desirable accomplishment on both sides. Southern California has never had appreciation of the great wealth of this section in mineral or of the tremendous production of bullion it makes, while the majority of Los Angeles people who have come into Arizona to do mining have not been of the representative business people of that section, and have aroused an antipathy that is possibly not deserved toward all the business interests involved. Of the plan for the excursion this fall the Los Angeles Examiner says:

"To Arizona! This is now the watchword among Los Angeles business men. An excursion, several hundred strong, to every point in Arizona, where a railroad can take them, is being planned. The Jobbers' Association has taken the initiative in making the arrangements, although it is not expected the trip will take the place until next fall.

"The party probably will go over the Southern Pacific and return by the Santa Fe. An immense banquet is proposed to be held in the Grand Canyon. At this several hundred Arizonians are to be the guests of the Angelenos. The trip will be made in order to enhance trade in Arizona and to form a closer alliance with the business men of that territory."

## NEW GOLD PROPERTY IS TAKEN UP

BY MESSRS. SUITS, GRAHAM AND OTHERS OF OLD LUCKY TIGER ORGANIZATION.

Form a Company With Half Million Dollar Capitalization on Ground in Lower California—To Be a Close Corporation.

Mr. Graham and Attorney Richardson of Douglas, were in the city yesterday in their way home from San Diego, Cal., and Cananea, at which two places they were with reference to the organization of a new mining company.

This company holds property near Ensenada, in Lower California. The ground was said yesterday to be strictly in the prospecting stage, but to have very good outlook. All work that has been done so far shows up well. It is a gold proposition.

The new company is capitalized for \$500,000. Those who have organized it include several of the El Tigre people, Messrs. Graham, Spriggs, Pattison, Suits and Richardson being among the number. No stock of the new company will be put on the market, for some time at least, if at all. The probabilities are that the company will be conducted permanently as a close corporation.

To Disincorporate—Judge Ross returned to the city yesterday morning from Douglas, where he was with regard to the matter of disincorporation of that city, in which action those asking disincorporation will be represented by Neale & Ross. Mr. Ross stated yesterday that papers in the case would be filed in court within the next ten days.

## ALL IN READINESS FOR THE FOURTH

PRELIMINARY ARRANGEMENTS FOR BIGGEST DAY BISBEE HAS EVER HAD.

Have Been Perfected—Much Interest Being Manifested in Horse Races. Goddess of Liberty to Be Chosen by Parade Committee.

The Fourth of July committee held a meeting last evening and announced all arrangements perfected for the big celebration to be held in Bisbee on the National holiday, commencing Monday, July 3.

One of the entertaining and pleasant features connected with the celebration this year will be the literary program, which will be held during the morning hours. Arrangements are being made by the committee on parade for two floats which will carry the little girls representing the states and territories, also the Goddess of Liberty. The parade committee has decided to abandon the voting contest originally started, and the Goddess of Liberty for the occasion will be chosen by the parade committee during the next two days. It is probable that the names of a dozen or more of Bisbee's fairest daughters will be placed in a hat and the first name drawn will be requested to act.

The next meeting of the committees, sub-committees and general, will be held at the fire house on Friday evening to submit their final reports. The program has about been completed, and the official program will go to the printer today and be issued Sunday.

Considerable interest is being manifested in the horse races which are to be run on the morning of the Fourth at 11 o'clock. Word has been received from Cananea that two teams are coming for this event from that place, and Douglas and Tombstone will be represented. It is expected now that no less than six teams will be entered. In Bisbee the home team is practicing daily. The first prize in this contest is \$250, and the second \$100.

Indications are that Bisbee will have one of the largest crowds on record during the celebration.

## GUN MAN STILL ENJOYS LIBERTY

TWO OF HIS VICTIMS TO BE TAKEN FROM JAIL TO HOSPITAL TODAY.

Identity of the User of the Gun Now Known to the Officers — Is Half-Breed Mexican—Trouble Had Been Brewing Some Time.

The two Mexicans who were shot in the legs and feet by an unknown man at the Cuban store Tuesday night will be taken today to the County Hospital at Tombstone by order of Judge Murphy. They have been confined since the shooting at the branch county jail, but as it is evident that it will be some time before they will be able to get about it is deemed necessary to provide a more suitable place for them. The man who was shot through the cheek will be able to get out in a few days.

It was ascertained yesterday by Officer White that the man who did the shooting was not an Italian, but a half breed Mexican. The Mexicans who were shot at first refused to talk about the matter at all, but later admitted they knew the man. They say he had recently returned to the city, and that the shooting was the result of a stunt thrown at him Tuesday night when he appeared in front of the three men. The man has been in bad odor, it is said, with Mexicans of the town for some time, owing to alleged dislike for them on his part, dislike which he has vented on frequent occasions.

As yet the officers have been unable to locate the man who did the shooting, and it is now believed that he has succeeded in making good his escape, probably across the line into Mexico. Just what the doctor ordered—"A Bisbee Snow Ball"—at Rinehart's Drug Store.

THAT TIRED FEELING.

If you are languid, depressed, incapable for work, it indicates that your liver is out of order. Herbine will assist nature to throw off neuralgias, rheumatism and ailments akin to nervousness and restore the energies and vitality of sound and perfect health. J. J. Hubbard, Temple, Texas, writes: "I have used Herbine for the past two years. It has done me more good than all the doctors. It is the best medicine ever made for chills and fever." 50c at RINEHART'S PHARMACY.

## NEW TARIFF LAW FOR MEXICO

MEXICAN GOVERNMENT'S NEW SCHEDULE ANNOUNCED ON IMPORTS.

The Changes Are Made With a View To Encouraging and Protecting Industries of the Southern Republic Henceforward.

The Mexican government is revising its tariff, and will soon put into effect a new tariff schedule that will greatly affect trade between the United States and that country.

From what has been published in impartial relative to the new tariff, the revision of the tariff is made with a view to encouraging and protecting home industries. This conclusion is based on the fact that raw material, which is scarce in Mexico and needed by the factories there, is placed on the free list; and the duty on all raw material, not on the free list, is reduced, while the duty on the manufactured article is increased.

The Mexican government is forced to adopt a protective tariff, according to impartial, since adopting the gold standard. Free silver can no longer act as a protection to Mexican manufacturers.

El Imparcial gives a list of some of the changes to be made in the tariff as follows:

Cattle will be admitted free of duty. Horses, free; except geldings. Sheep and goats free. Shoes, which now pay \$1.25 per pair, duty increased to \$1.75. Calf skin, \$1.50 per kilo. Leather, \$1 per kilo; formerly \$1.30. Rice, increased from 5 cents to 8 cents per kilo. Beans, reduced from 5 cents to 3 cents per kilo. Wheat, reduced from 5 cents to 3 cents per kilo. Crockery, increased from 15 cents to 24 cents per kilo. The duty on iron and steel will be greatly reduced, while the duty on diamonds is increased.

CUT UP WOMAN'S CLOTHES.

After She Had Taken Money From Him—Accused by Jury.

Frank Steiner was arraigned before Justice McDonald yesterday on a charge of malicious destruction of property filed by Kitty Gregory, the inmate of a house at 35 Brewery. The woman alleged that the man had cut up a quantity of her clothing. Steiner was shown to have committed the offense charged after the woman had taken money from him and hidden it. He was searching for the money when the clothing was destroyed. The jury in the case brought in a verdict of not guilty of the charge of malicious destruction. Judge Ross appeared for the defendant in the case, which was warmly contested at several points.

Leave for East—Mr. and Mrs. L. C. Shattuck and family left last evening for Erie, Pa., where they will visit with friends and relatives. Mrs. Shattuck will remain during the summer, and Mr. Shattuck is expected back in the city within a month.

## WOMAN PARADED STREETS NAKED

LOWELL REDLIGHT HABITUE IN STATE OF INTOXICATION WANDERED

On Thoroughfares of the Town—Let Off With Confiscation of \$25 Bond Money—Citizens Will Demand District Closed.

(Review's Lowell News Bureau, June 28th, 1905.)

The record for good order which the houses of Lowell's red light district preserved to that date, was broken on last night, when Nellie Bond, one of the inmates, came down into the city in a completely nude condition.

The woman was drunk at the time, but that only made the case more aggravated in its enormity. She was at once arrested and taken before Judge Hogan, who let her go on a cash bond of \$25.

The woman failing to appear in court yesterday, the Judge fined her the same amount of her bond, confiscating the same.

Since the affair became known about the town there has been very decided addition to the sentiment against the red light district being permitted to continue in open operation here, and the officers will be called upon by the public to remedy the situation. The outrage of last night gives all excuse that may be needed for drastic measures, in the eyes of many who have talked about the matter today.

The proprietors of the Hub saloon have decided to have the place completely remodelled. It is expected that it will have a handsome appearance when finished.

The Fourth of July entertainment committee have a large sign stretched from side to side of Main street advertising the events.

The Whelan building is about ready for the plastering and other finishing touches.
